Orders on Excise Commrs No:

664/66 of 30th July 96 re marking and enumerating date trees, tapped for the manufacture of toddy :—

I am afraid the order issued by the Excise Commrs is premature. The question of introducing the Excise System whether throughout the Province or in selected tracts has to be discussed and settled at a meeting for which I shall request the Dewan to appoint an early date this week. The meeting could not come off last week owing to Mr Davis's absence from the station.

At the meeting held at the Dewans Residence on the 4th, it was practically settled

(1) That a whole time Assistant Commissioner for each —

District

district for exercise ~~body~~ work was out of the question.

(2) That the Province might be divided into two circles, & a few select Talukas be taken up in each circle.

(3) That Mr Davy and another Agric Comr ought to be able to manage these 2 circles, aided by a couple of men of experience from Madras.

(4) That definite Memorials be called by the Agric Comr at an early date.

Note. The meeting was generally in favour of the introduction of the Act Cow System into the Province the modus operandi & other details to be settled after a preliminary investigation as regards the actual requirements of each Union - 5/8/96

The Excise Commissioner
who was asked to report why
the instructions issued in
Govt Pro: No 613-22 & 2nd April/97

states that the modification
proposed by him is absolutely
necessary not only to ratify

loss to Govt by regarding the
amount of the bid as mere
Shop rent and demanding
the bidder to pay tree tax
in addition, without any
idea as to what he has to pay
for the trees - The Excise Commr
adds that negotiations with
the present farmer or on his

present amount & dispensing
with auction sale, has secured

a guaranteed amount of tree

With reference to the memo
of instructions for canvassing
officers now before Govt for
orders - the points noted below
have to be considered: —

(1). When the introduction of the
Free Tax system was originally
discussed - it was agreed
that there should be no sale
and that if the present
contractors agreed to take
up the lease for the ensuing
year for the same sum on
the altered basis - they should
be allowed to have it without
competition. Now, you
will see that although you

2a

would not-hold a public
sale, yet at the time of
canvassing, if there is
bona-fide genuine
competition, the highest-
bid should be recorded
by the canvassing Officer
& be eventually accepted
as settlement. My memo
has been drawn up in accordance
with the first view. Some
thing definite has to be
now decided for action
being taken accordingly.
This is suggested as likely
to bring in an increase competition
to go part of the way of meeting
the losses in instances where
canvassing fails.

3/

now, we ask this State, difficult to say how many such cases may occur. It is however believed that the majority would accept the settlement without an increase of the present amount - accepting such bids - & settling without formal sales would lead to numerous complaints against the - settling officer. Inviting competition may itself lead present - bidders to doubt the good faith of the Company offers proposals & settle with them for the present amount & they may keep away altogether - making the sale afford a risk inevitable

LD

4/ II In cases where the number of trees now tapped is proportionately larger (counting each tree at its proposed tax of one Re) than the rent now paid by the farm - you do not prefer selling the shop i.e privilege of selling alone & leaving the shop renter subsequently to take out licenses for trees - but you would close with him for the present amount upon the present number of tapped trees. These instances may be treated as exceptions

57

and settlement in the manner described by you would not have the ^dis advantage of admitting or recognising a lower rate of tree tax expressly, but would give the advantage of definitely limiting the number of his trees to the present number. This course may be adopted where a competitor could not be got to accept or our own lines as a varying rate of tree tax involves many practical measurements of watching smuggling and so forth among the [illegible]

Note

re the Toddy System.

18[illegible] (12)

Excise Commr's Letter No 4179/200 dy 8 Feby 1897 submitting draft Memorandum of Instructions to Canvassing officers; and Letter No 4517/314 dy 3d March 1897 submitting a revised form of agreement to be taken from the Toddy Vend Farmer for 1897-98.

Under the present system, there are four classes of farms, according as they consist of

1) shops with groves annexed for their supply:

2) shops with groves supplying these and other shops also:

3) shops alone, the necessary supply being obtained by private arrangement or by purchasing a grove farm; or

4) groves alone, the toddy being sold only to shop farmers, reserved for the manufacture of jaggery and sugar.

The monopoly* of vending toddy date.
~~in the shape of farms~~, with power to manufacture toddy from the date trees assigned thereto or to otherwise obtain it, is annually auctioned in the shape of farms, the highest bid ~~to~~ representing the rental for the farm (shop as well as grove), and being the only amount payable by the Farmer. No excise duty is levied with reference to the quantity of toddy removed from trees; nor is any license fee fixed for the vend thereof. But the amount of the two is determined

*. "The monopoly extends to the sale of cocoanut and palmyra toddy, but does not include the sale of bagani or sago toddy, which is disposed of separately by villagers in the Malnad Taluks of the Hassan, Kadur and Shimoga districts."
— Mr Ricketts's Circular of 7 June 1895

results of the

rion sale.

The Farmer is at liberty —
to tap as many trees as he likes in the groves comprised in his farm:
to sell toddy to other farmers:
to make private arrangements for the tapping of trees in occupied or alienated lands, without extra payment to Govt.

~~Since the rights of holders of alienated~~ villages are sold separately, farmers in other villages are prohibited from drawing toddy therein and from selling ~~toddy to shops situated therein.~~ [cp. ~~Condition 4(6), 6(1)&(2) of licence~~]

The yearly rental being a definite amount, it is paid in equal monthly instalments.

2. Under the Tree-Tax system, a distinction is made between —

(1) the rent paid for the use of the tree (tree rent or ~~land revenue~~), ~~determined by the price fetched by the grove in auction~~:

(2) the rent paid for the monopoly of vending toddy (shop rental): &

(3) the duty or tax levied on each tree intended to be tapped, whether situated on unoccupied, occupied or alienated, land (excise duty).

Item no. 1 belongs to Govt. or to a holder of land, according to the ownership of the land on which the tree is situated.

Item no. 2 belongs solely to Govt., except where an alienated land holder has excise rights.

Item no. 3 also belongs solely to Govt., being the nature of a tax raised for [purpo]ses of revenue on a certain limited number of (such as opium, ganja, toddy, arrack, salt) [m]anufacture of which Govt. exercises [specia]l powers of control. This tax

Secret[ary] ... "What is the ... for trees on ... land ... it is ... as that ... insist upon"

leviable even in the case of trees on private lands, by the very same authority which enables Govt. to levy any other tax. The fact that the tree is private and has been obtained under private arrangement, is of no avail; for this would be setting up absolute right to manufacture toddy from private trees for sale, a right nowhere given under the Excise Act, and which not even the owner of the land himself possesses.

Next, with regard to the realization of the three kinds of revenue. The shop rental is, of course, determined by the bid obtained at the sale of the shop separately, i.e. apart from groves. Though, in theory,* the tree rent would be determined by a separate sale of groves, yet in practice it would probably be more convenient to include it in the fee levied along with the tree-tapping licenses or take an extra rent at so much per tree; if so, groves will not be sold at all.⊕

Every Farmer will have to take out tapping licenses for a prescribed number of trees to be marked by Excise Officers; and no trees will be marked for tapping except such as are fit to be tapped. [illegible]

The scheme now submitted by the Excise Commr. is only a tentative one, and he therefore proposes during 1897-98 to assign farms to the existing Farmers for the total yearly rent they have been paying for 1896-97. This will include the aggregate of tree-tax payable for tree-tapping licenses taken out; the difference being called the shop-rental. The tree-tax for each quarter, and hence the shop-rental for each quarter, may be a varying quan

* Vide Mr. Ricketts Circular of 7 June 1895, under which groves are proposed to be sold separately.

⊕ Vide Ex: Commr's Memo submitted with his letter No. 1700/133 of 16 Sept. 1896.

And therefore the monthly instalments will not all be equal, as under the present system. If the tree-tax payable exceeds the yearly rent, the farmer is not entitled to a refund.

If the existing farmer declines to take up his farm for this year's rental, it will then be sold by auction

The Tree-tax proposed is as follows:-

Date-tree	1-0-0	+ local cess of farmer on a tree.
Cocoanut	2-00.	
Palmyra	1-8-0	
Bagania sago	1-8-0	

The Excise Commissioner proposes to fix only * minimum prices for retail sale; and considers it unnecessary to fix maximum prices also, as at present, as no such maximum is prescribed in the Madras Presidency. It is, however, submitted that there is no good reason why the existing practice should be altered in this respect; for the contractor's arbitrary prices would seriously affect the excise revenue, as the Ex: Com^r: should in many cases differ from those of the current year — strictly the minimum rates as now proposed by the Ex: Com^r:

3. The scheme, in its general features, is identical with the Madras scheme so far as the latter can be gathered from references in hand.

4. The new system is not in accordance with the existing Rules. The main points of difference have been noticed in paras 2 & 3 above, and relate chiefly to the terms and conditions under which supplies of toddy are obtained from groves. In these particulars, the existing Rules and the forms of license require amendment. [Mr. Ramayya has told me that the question of whether the tree-tax system is to be adopted at all will depend upon the success of the forthcoming canvassing operations; and that when it is finally decided upon, he will submit the necessary Rules and forms.]

Secretary's Query: "Is the new arrangement in accordance with the existing Rules? If not, how can the modifications be furnished? Does not the form of license require amendment?"

5. The "new appendix C" is only an enclosure to the Excise Comm^r's letter, and replaces no existing appendix now in force.

Secretary's Query: "The new appendix C: what does it refer to?"

eg's Query:- "How does it affect the C. Ltn. Station?"

Bangalore District and Station were taken up together in the earlier part of the joint Concern; then the Bangalore Cantonment; and since 1893, the City Station.

6. The Toddy contract of the Civil and Military Station is being taken up along with that of the City by one Contractor*.

Up to the end of 1893, the share of the Station was determined by the proportion its population bore to that of the whole tract jointly taken up, minus the same proportion of establishment costs. But since 1894, the proportion taken has been one of consumption. [Vide Dewan's Memo of 20 Dec. 1893, para ii(5).].

It will be seen that the Mysore Govt. is a loser by the arrangement, as it gets nothing for the trees from which the Station gets its supplies. This important right was asserted at the outset, then waived for the time being, but was never absolutely given up, as will be seen from the following extracts from correspondence:—

Bangalore Dy Comr's D.802 dy 24-1-97 (serial 13):—

"There are no data as to Toddy yielding trees at all within "Station limits, and consequently a royalty [at 1R. per tree as in Madras] "should be paid to the Mysore Govt." — Vide also Dy Comr's D.196 dy 21-5-94 (Pl. 8)

Resident's No. 675/6406 dy 4 March 1897 (serial 15):—

"Mr. Grall does not quite understand what is meant by the "term 'a royalty' in the Dy Comr's letter... [What is levied in Madras at "so much per tree tapped] is an excise duty, not a royalty. The "excise duty on toddy consumed from the Assigned Tract belongs to the "revenue of that Tract, and the Darbar are entitled by the Instrument "of Transfer from putting any tax or duty on articles brought "from Mysore into the Assigned Tract for consumption. No tax or duty "therefore can be claimed.... It may, however, be argued that the "Darbar is the owner of a great many of the trees, and that, though "it takes no rent for such trees from its own contractors (as the rent "is practically included in the excise revenue), yet in respect to "consumption in the Assigned Tract it should get something by "way of rent of the trees.... This seems no doubt a suitable "arrangement, but" facts are desired as to the probable amount "to be fixed."

Dewan's No. 49 dy 8 March 1897 (Vide Printed Correspondence in the file):—

"With reference to your remarks regarding 'a royalty per tree',

I beg to observe that Major Bracenridge appears merely to ask for a rent on Govt. trees. The whole of the toddy consumed in the Cantt. Station is drawn exclusively from trees on Govt. waste lands .... But it is difficult to obtain any accurate data for fixing a fair rent .... But the whole question as to whether any and what rent for toddy trees should be allowed to the Darbar, whether by a fixed annual deduction from the share of toddy revenue payable to the Cantt. Station or in any other way, is one which I shall leave entirely in your hands for settlement."

The Resident's No. 992-6486 of 19th March 1897:—

"Though in theory it seems fair that the Darbar should, if they wish, claim an abatement by way of rent of toddy trees, yet practically, if the Resident on behalf of the Cantt. Station accepts the Darbar's proposal to allow the Cantt. Station's share of the revenue to be calculated by the proportion of the population of the Station and of the district of Bangalore, Mr. Lyall thinks it would be fair that the Darbar should waive the claim to rent of toddy trees."

Dewan's $\frac{5 \text{ D}}{2}$ of 2-4-97 (serial 9)

"In regard to a rent for toddy trees, it will be seen that I never meant to press the claim. The Darbar will now waive it, so long as the Cantt. Station's share of toddy revenue is regulated on the principle of the settlement referred to [i.e. of population]."

Dewan's Memorandum of 15th Nov. 1893 (Vide Printed Progs in File).

"The Resident has agreed that the Revenue from the combined city and Station farm should be divided between the city and Station in the ratio of the actual consumption of toddy in each place.... ... For the use of the Darbar date-groves for the supply of the Station a rent is payable out of the Station Revenue, but this can be settled between the Residency and the Darbar hereafter when sufficient data for a settlement becomes available, and will therefore not affect the contractor in any way. This point may therefore be altogether omitted for the present."

The matter has stopped there for the present; but there can be no doubt whatever that a rent is claimable by the Darbar.

Under the free-tax system, the apportionment of shares of revenue will be easy. The Civil & Military Station shops will be sold separately, to determine the shop rental. (1)

(1) The tapping licenses issued in respect

of those shops will indicate the

(2) excise duty payable to the Station.

(3) The rent for trees is an item that really ~~should be levied~~ comes from the Contractor, instead of being a deduction ~~not deducted~~ from the Station revenues. For such revenue is solely determined by the excise duty on the trees tapped, and hence depends solely on the demand of consumers in the Station for toddy. Now unless the price at which toddy is sold is too high, the demand is not likely to be very much affected by any rent we may fix. The minimum and maximum rates now ~~fixed~~ prevailing have been so fixed as to disturb as little as possible the demand of consumers.* If this course is to be continued, any reasonable rent per tree may be levied that does not trench on the contractor's reasonable margin of profit. The following calculation may throw some light on the matter:

A good tree yields 90 seers of toddy per year; an average tree may be taken to yield 80 seers.
At 1a. per seer (minimum rate), realizations = 80 as.

Tree tax per tree . . . . . = 17 as.
Expenses at 3 as per 24 seers . . . . = 10 as.
27 as
~~Rent~~, say 4 as per tree = 4 as
31 as
Balance = 49 as.

~~He~~ Even after allowing a large proportion as shop rental, there would remain a very good profit. This would be much greater, of course, if the rent per tree were to be merged in the tree-tax of 1R.1a, as it apparently is under the proposed arrangements. Thus, the ~~rent~~ is virtually a tax on the contractor's enormous profits!

* This is one reason why a maximum scale of prices is necessary. Otherwise the demand will be affected, less trees will be tapped, and the tree-tax will be diminished.

Before the system can be applied to the next year's contracts for the City and Station, a reference to the Resident would be necessary, and his consent obtained to the tree-tax of 1R/a, of which, say 4 as. would be our rent, and the balance would be the excise duty for the Station. But in the case of an arrangement so easy and reasonable, and ultimately so profitable to the Station revenues, he is not likely to raise any objections.

7. The draft Memorandum of Instructions to Canvassing Officers, if intended to be issued by Govt., would require a good deal of re-casting. He may himself be asked to issue necessary instructions, Government contenting itself with laying down the main lines to be followed.

A draft for this purpose is put up.

10/3/97.

8. Please see the 3rd Councillor's remarks on the Excise Commissioner's recent memo. The differences in their views may be briefly expressed as follows.

The Excise Commr. would require every old farmer to pay the present farm-rent or the aggregate tree-tax on trees tapped during '97-98, whichever is the greater. If he consents, no other or higher bid will be accepted. If he does not, the shop will be sold, on condition of paying the same rate of tree-tax on every tree tapped.

2. It is not stated how the farm should be disposed of, if neither the present nor any one else is willing to come forward unless a specified number of trees are allowed for a lower rate of tree-tax.

On the other hand, the 3d Council would, while offering the same terms to the old farmer, accept any higher bid voluntarily made by any other person at the time of canvassing. In default of this, he would accept the same rent as for the current year, even though the number of trees required may be larger than is represented by that amount. And lastly, if even the ~~last~~ current year's rent cannot be obtained, the farm should be sold for what it will fetch at auction, though the rate of tree-tax will be still lower.

The 3d Cr's proposals ~~will~~ would be the more advantageous to Govt of the two, in that we could make up in some cases by higher bids what we might lose in others;—provided that the knowledge that the old farmer's chances ~~of~~ will in all cases be subject to higher bids and that Govt will at the last extremity, even close with smaller offers, does not induce farmers and intending bidders to keep back and prefer the chances of an auction sale in the hope of obtaining more beneficial terms for themselves.

My dear Sir,

Herewith a Note on the Ryotwari system, with a Draft. I have fairly acquainted myself with the system with such materials as were available (the Office papers are meagre, the scheme having been matured, so I understand, under personal instructions of the Governor). If you require ~~have~~ any further information, I shall be happy to wait upon you, or to amplify the Note.

Yours faithfully
V. Chandrasekhariengar

C. Srinivasengar

P.S. There is no information available regarding certain points in the general features of the Madras system (e.g. occupied lands). The more details are given in the Madras Settlement Manual; but are not now needed for comparison, as we are now laying down only the general principles of a provisional scheme.

3d Councillor's remarks

(B) 26

~~The Canvass~~

"We must try to introduce the tree tax system, provided that we are sure of our present revenue. We do not propose to sell shops etc. by public auction, but aim at realizing 1R per tree tapped. In view of the majority of cases, we do not hope to realize the maximum we at present propose, viz. 1R per tree; but less. We should therefore endeavour best to secure as much of the maximum as is fairly possible. To ~~do this~~ ensure this, we should not blindly accept the present revenue, but must accept more wherever offered. This [illegible] to make [illegible], the loss entailed in our accepting the present revenue ~~which~~ figure is less than 1R per tree in ~~the majority~~ most cases. So the canvassing officers should be told that they should try to ascertain whether higher ~~offers~~ bids are not ~~offered~~ possible. ~~Of~~

Of course where the present revenue is [illegible] offered) we will have to sell by public auction and be contented with whatever we get.

The result will be — if we get the present revenue or more, we will introduce the tree tax system whether we realise the maximum per tree or less. If we are to get less than the present revenue, we shall not introduce the tree tax system, but will make further enquiries, or abandon the proposal."

Office of the Excise Commissioner in Mysore

Bangalore, dated 7th June 1895

1/a

Memorandum on the proposed Toddy tax System.

As defined in section 3 of the Excise Act, Toddy is the Sap of any kind of palm tree. The palm trees which yield Toddy are:-

(1) Date (Phoenix Sylvestris)
(2) Sago (Caryota Urens)
(3) Cocoanut (Cocos Nucifera).
(4) Palmyra (Borassus Flabellifer).

2. Toddy which is a fermented liquor is subject to the provisions of the Excise Act, under which no person can manufacture or sell it without license In the Maidan parts of the Province, Toddy is manufactured only from Date palm; and in Malnad from both Date-palm and Sago-palm, and very rarely from cocoanut-palm. The local Toddy-drawers being ignorant of tapping cocoanut and Palmyra trees, certain Toddy Vend Farmers in the Kadur and Shemoga Districts have engaged some Toddy-drawers of South Canara to tap Cocoanut trees. In the Cheenapatam Taluk of the Bangalore District, an attempt is being made by a Toddy Vend Farmer to tap Cocoanut trees.

3. Under the present System of the administration of Toddy Revenue, the monopoly of vending Date Toddy in specified localities, with power to manufacture Toddy from the Date trees assigned thereto, or to otherwise obtain it on prescribed permits, is disposed of annually by public auction. Such monopoly extends to the sale of Cocoanut and Palmyra Toddy, but does not include the sale of Ragi or Sago Toddy which is disposed of separately by villages in the Malnad Taluks of the Hassan

Kadur and Shemoga Districts. Under this Vend System, Excise Duty is not levied on Toddy with to the quantity removed from trees, nor is any a fixed for the license granted to Vend Toddy; but amount of such Duty and license fee is determined the result of the auction sale of each Vend Farm. It not possible to levy a rate of duty on the quantity Toddy removed from the trees in each grove, as is don on the quantity of arrack removed from the Central Distillery or from each Bonded Depôt attached thereto But if a rate of Duty or Tax be imposed on each tree intended to be tapped, it will represent the Duty on Toddy manufactured and removed from such tree.

4. Under the said Vend Rent System, it is not only impossible to regulate the taxation of Toddy with reference to its consumption as in the case of Arrack, but it is also hardly practicable to prevent the over-working & indiscriminate tapping of mature trees, and the tapping of immature trees and similar other abuses, so that trees are perishing in large numbers already the supply of Toddy has been affected in several localities. Under such circumstances the Tree-tax System which appears to have been introduced in the Madras Presidency for similar reasons, is urgently called for.

5. Under the proposed Tree-tax System, the Revenue, as in Madras, will be derived from the following sources:-

(1) Realizations from Date, Sago, Cocoanut, and Palmyra groves in unoccupied Government Lands, sold independently every year for the manufacture of Toddy.

(2) Realizations from Toddy Vend Farms or Separate shops sold independently every ye

(3) Duty or tax levied on each tree intended to be tapped, and situated either in unoccupied or occupied Government Lands or in alienated Lands.

(4) Departmental fines or forfeitures and in-terest levied from defaulting Vend Farmers

Of

above items, viz. (1) being the rent payable for the use
trees on unoccupied Government lands, will be
ed to Land Revenue and viz. (2), (3) and (4) to
ise Revenue. Item viz. (2) will be the amount of
ise fee for the vend of Toddy realized by the Separate
e of Farms or Shops, and viz. (3) will be the amount
Duty on Toddy.

The benefits of the Free-tax System are:-

(1) No trees except those marked and licensed as being fit for tapping, will be tapped;

(2) Rest from tapping in every alternate year will be secured to all toddy-yielding trees in unoccupied Government lands;

(3) Immature trees will not be indiscriminately tapped or over-worked;

(4) Immature trees or those unfit for tapping, will not be tapped;

(5) The Government will derive its proper share of Excise Revenue from the Toddy drawn not only from the trees in unoccupied Government lands, but also from those in occupied Government lands, as well as from those in alienated villages not entitled to Excise Revenue.

7. The villages containing Toddy-yielding trees on unoccupied Government lands will be formed into groups, one half of which only, evenly distributed over the whole area, will be leased out each year by public auction for the manufacture of Toddy, the other half being reserved for the following year. Complete rest from tapping in every alternate year will thus be secured to the trees. The result of such auction sales will determine the rent to which Government is entitled as the proprietor of the lands on which the trees stand; and such rent will be credited to Land Revenue. In regard to the trees in occupied Government lands, or in alienated lands, the owners of such lands will lease the trees for the manufacture of Toddy, for such rent as

may be agreed to between them and the licensees of farms or shops, the owners of the lands being entitled to the rent of the trees.

8. Toddy Yeilding Farms or Separate shops will be dependantly of Toddy-yielding trees. The purchasers of those Farms or Shops will generally secure at an sales, the unoccupied Government Lands containing Toddy-yielding trees. If not, they will have to make their own arrangements with the renters of such lands, or with the owners of private lands containing Toddy-yielding trees, for the supply of Toddy to their shops. In view to obtain permission to manufacture Toddy from the trees they want in such lands, they will have to put in applications for Tree-tapping licenses, specifying therein the number of trees to be tapped and the Survey numbers in which the trees are situated. One half of the prescribed Duty or tax for each tree to be tapped should be prepaid into the Taluk Treasury and a receipt obtained therefor. Such receipt should be sent along with the above applications in proof of such payment. On receipt of the applications, the trees fit for tapping will be marked by Excise Officers; & the applicants will have to tap only such trees. The other half of the Duty shall be paid by such monthly instalments as may be prescribed by Government.

9. The rates of Duty or tax prevailing in the Madras Presidency are the following:-

Kind of trees	Rates of Duty or Tax per tree. In South Canara	In the Madras Town circle	In other Tracts	For what period
Cocoanut Palm	1 8 -	6 " "	3 " "	For a whole year
Sago Palm	3 - -	9 " "	6 " "	
Palmyra or Date Palm	12 -	2 - -	1 " "

date palms the rate of one rupee [redacted] may
opted throughout the Province.

To mark the trees expeditiously an additional establishment according to the requirements of each Taluk, will be needed; but the cost of it will be more than counterbalanced by the increase of Revenue which the Free-tax System is expected to bring as in Madras.

12. The Excise Commissioner would recommend to Government the introduction of the Free-tax System to one taluk in each District, as an experimental measure. Perhaps it may be preferable to introduce it as a preliminary step, in the Date, Cocoanut and Palmyra trees ill occupied assessed lands, and in alienated villages throughout the Province, and also in regard to Bagni or Sago trees in Canara. The professional men in Canara who deal in Bagni Toddy, are doubtless familiar with the Free-tax System which prevails in the adjacent District of South Canara in the Madras Presidency. At present the Government does not get proper amount of revenue from Bagni Toddy, which is attributable partly to combination among the professional men, apparently due to the sales of the monopoly and being held by Sheikdars in some talukas, and partly it is said to the coolies in almost all the Coffee Estates being allowed to draw and consume Toddy from Bagni trees situated therein under the belief that the concession granted under rule 15 of the Coffee Land Rules, viz: that "the grantee of Coffee Lands can draw Toddy from Bagni or other trees for the making of bread or other bona fide domestic purposes," extends to such coolies. But the Free-tax System will obviate all abuses; as even the trees required to be tapped to draw Toddy for bona fide domestic Consumption, will be duly marked.

Circular Memorandum

As the Government propose to introduce from 1897-98, the "Tree-tax System" in connection with the administration of Toddy Revenue, the following instructions are issued in regard to the preliminary arrangements which have to be made immediately.

(1) This being the convenient time for marking and thereby enumerating the date trees which are being tapped by Toddy Vend Farmers or their servants to extract Toddy from them, the Abkari Inspectors shall at once mark all such trees within their respective Circles.

(2) Before the Inspectors begin marking the trees in a village, they shall get the Survey map of the village from the Taluk records and tick off in it with a black lead pencil all the Survey numbers both occupied and unoccupied and also alienated, in which the trees are being tapped. They shall then begin to mark the trees in each and every such number, following the serial order of such numbers on the map.

(3) The tapped trees in each Survey number shall be marked separately from 1 and upwards.

(4) The places to be marked on the stems of the tapped trees shall be prepared by the tapmen at convenient heights, so that the Inspectors or their subordinates may easily reach them for marking the figures.

(5) The numbers shall be affixed in English figures, and they shall not be less than six inches in height.

(6) Tar shall be used in affixing the numbers.

(7) The Inspectors or their subordinates shall begin marking at the North side of a Survey number, where the trees to be marked show a tendency to run from North to South, marking as No. 1 the tree nearest the North, the next as No. 2, and so on until all the trees have been marked. If however, the trees to be marked lie more in a line running East to West, they shall mark the tree nearest the East as No. 1, and so on until the last tree marked lies most to the west.

(8) If, in the course of marking the trees, any tapped trees are

are found immature or less than three feet high from the ground to the springing of the leaves, or if the fresh incision on any tree is less than one foot above the last, or if the incision is of a greater depth than one-third of the diameter of the tree, the Inspectors shall not mark such trees, but shall prevent the pots from being attached to them, besides prosecuting them for having tapped such trees.

(9) The Inspectors shall keep a Register in the appended form T. T. No. I, in which the trees marked shall be entered day by day. Extracts from it in the appended form T. T. No. II shall be sent by them at the end of each week to their Supervisor who shall collect them, book them in his own Register in the appended form T. T. No. III and within a week from date of receipt by him submit them through the Deputy Commissioner to the Excise Commissioner's Office where they will be duly booked for future use.

(10) The Supervisor concerned shall go round and see that the Inspectors of his Range have correctly and accurately done their work. Any omission or neglect noticed by the Supervisor shall be forthwith reported by him.

(11) The marking of the trees tapped for the present quarter, shall be completed before the tapping of the trees for the 2nd quarter commences.

(12) If, after the tapped trees in each Survey number have been marked, additional trees are tapped in it, they shall be marked beginning with the number immediately following the last preceding figure.

The average quantity of Toddy issued daily from each grove to the farms depending upon it, shall be duly recorded in the aforesaid Registers T. T. Nos. I & III.

Draft Memorandum

Instructions for making preliminary arrangements towards the introduction of the Tree-tax system of the administration of Toddy Revenue.

---

1. Under the present Renting or Farming System, neither the supply of Toddy can be restricted nor its taxation be regulated with reference to its consumption; nor can the careless and improper tapping and overworking of trees be prevented. Many valuable date groves have therefore declined in several parts of the Province to the detriment of Toddy Revenue. Under such circumstances, some effectual remedy for the present evil is urgently called for. Accordingly, it is proposed to introduce the Tree-tax System which appears to work successfully in the Madras Presidency, and which is calculated to remove the aforesaid evil. But instead of introducing the system at once in its integrity, the Government

Government propose to adopt the following preliminary arrangement for the year 1897-98, with a view not only to make the local professional men familiar with the system, but also to enable them to ascertain for their future guidance what amount of rent they may advantageously bid for each shop on account of the vend of Toddy, irrespective of the tax payable for each tree tapped for the manufacture of Toddy:-

The Government will enter into contract with every present Toddy Vend Farmer throughout the Province on the following terms, viz that he shall pay for 1897-98 the rent he has agreed to pay for 1896-97, but made up as follows:-

(a) the tree-tax at the marginal rates for the Toddy yielding trees tapped by him for the manufacture of Toddy required for bona fide local consumption; and

Description of tree	Rates of tree-tax per tree per annum	Rs. As. P.
Date	Tree-tax including local cess	1-1-0
Cocoanut	Tree-tax including local cess	2-2-0
Palmyra	Tree-tax including local cess	1-9-6
Bagni or Sago-palm in Malnad	Tree-tax including local cess	1-9-6

(b) Farm rent.

2. In some Districts whole Taluks have been farmed out for 1896-97 to a single individual, though the shop farms and grove farms are distinctly recognised in accounts. Such entire Taluk farmers may be regarded and treated as other individual shop farmers.

3. Trees in occupied and alienated lands may be obtained for the manufacture of Toddy by the farmers under private arrangements between themselves and the owners of such trees. But the farmers will have to pay an Excise tax at the prescribed rates for every toddy yielding tree tapped in such lands.

4. Some of the farms for 1896-97 might have been purchased at a loss owing to factious competition. In well-ascertained cases of this description, which no person may come forward to take up for 1897-98 under the aforesaid terms, the canvassing officers hereinafter mentioned, will fix the proper amounts in consultation with the Deputy Commissioner concerned.

5. Hitherto the number of trees actually tapped on account of each farm, was unknown; but now necessary additional establishment has been sanctioned for

for marking and registering such trees accurately. With these statistics the canvassing officers should be able to explain to the farmers how it would be profitable to take up the leases for 1897-98 on the aforesaid terms. For this purpose an explanatory Statement similar to the Statement A hereto appended, is prepared for each Taluk. The canvassing officers will thereby be prepared to meet any objections started by farmers and to explain to them from the actual statistics of 1896-97 how the farms could be worked at profit on the proposed terms. Some of the objections which may be urged by the farmers, are the following:-

(1) Under the farming system in force for 1896-97, the farmers can tap as many trees as they like; and if any trees be accidentally injured and destroyed in preparing incisions, they are not required to pay for them; but under the proposed System for 1897-98 they will have to pay the prescribed tax for such trees.

(2) In the case of certain farms, such as Gundasi and Kankeri in the Arsikere taluk, the anticipated

revenue

revenue for 1897-98 from tree-tax at the proposed rate of Rs 1-1-0 upon the actual number of trees tapped, is much higher than the total farm rent for the year 1896-97.

6. The first objection could be easily met by drawing the Farmers' attention to "A" Toddy License Rule 34 in Government Notification No. 11813 X, R. F. 233-92 dated the 14th January 1893, under which penalty is payable to Government even under the existing system, on account of the destruction of trees by careless tapping. The second objection may be met by pointing out that the Farmer has been tapping far more trees than actually required for consumption in his Shops, seeing that the Farmer of Kanakattay who has two Shops with a consumption of 1608 Seers, has tapped only 170 trees, while the Gundasi and Kankere Farmers, each of whom has also two Shops with a consumption of only 8832 Seers and 9936 Seers respectively, have tapped 230 and 250 trees respectively, and that it is thus clear that these two Farmers have tapped more trees than they want for their Shops, evidently to sell the excess Toddy

to

to other Farmers or for clandestine disposal.

7. In the above work the Canvassing officers will no doubt be materially helped by the Amildars of the respective Taluks. The Canvassing officers should prepare a programme showing the dates on which they will visit each taluk and furnish a copy of it to each Amildar to enable him to have all the Farmers and other parties concerned ready at the Taluk Cutcherry against their arrival. The Canvassing officers should commence work in the Districts, under such arrangements as may be made by the Excise Commissioner.

8. It should be distinctly explained to the Farmers that under the proposed System, they will have the privilege of obtaining on application, Tree-tapping Licenses on the aforesaid terms for drawing Toddy from the fit trees situated within the groves assigned to their respective Farms, and for those on private lands obtained by them from the

the owners thereof. If it has been usual for any of the Farmers to draw Toddy from the trees in any alienated village, such Farmers will, under the proposed System, obtain Tree-tapping Licenses for such trees by paying taxes at the above prescribed rates. The Government will fix only minimum Retail rates for Toddy as per particulars in appendix B.

Q. As soon as the Farmers agree to the proposed terms, Mutchalikas in the appended form C should be taken from them by the Canvassing officers and Submitted to the Excise Commissioner's Office. In the case of such Farmers the tree-tax and farm rent payable by them for 1897-98 shall be adjusted as follows:-

(1) Deduct the tree-tax payable for the trees tapped in each of the four quarters of 1897-98 from $\frac{1}{4}$ of the total rent including local cess for 1896-97. The difference will represent the farm rent payable for each of such quarters.

(2) The tree-tax plus the farm rent

rent calculated as above shall be payable in the following instalments.

Several seasons	Proportion of tree-tax and farm rent to be paid monthly to Government	Instalments by which to be paid
1st quarter between 1st July & 30th September	1/3rd of tree-tax plus 1/3rd of farm rent	on or before 20th July
	do	20th August
	do	20th September
2nd quarter, between 1st October & 31st December	1/3rd of tree-tax plus 1/3rd of farm rent	on or before 20th October
	do	20th November
	do	20th December
3rd quarter, between 1st January and 31st March	1/3rd of tree-tax plus 1/3rd of farm rent	on or before 20th January
	do	20th February
	do	20th March
4th quarter between 1st April and 30th June	1/3rd of tree-tax plus 1/3rd of farm rent	on or before 20th April
	do	20th May
	do	20th June

10. There are certain Shop Farms in taluks bordering on the Madras Presidency which obtain their supply of Toddy from that Presidency. The lessees of such Farms shall be allowed to hold them on for 1897-98 on the present terms and conditions of 1896-97.

11. If any of the Farmers of 1896-97 decline to accept the Farms for 1897-98 on

on the proposed terms such farms should be sold at once by public auction on such terms.

2

12. There will be no "Grove Farms" for 1897-98; but the lessees of the Toddy Yeild Farms who have been drawing Toddy during 1896-97 from any "Grove Farms" purchased by themselves or others, will be permitted to obtain Tapping Licenses to draw Toddy from the trees in such groves, for 1897-98, on condition of their paying taxes at the above prescribed rates instead of paying rent for such "Grove Farms" as in 1896-97.

13. The marginally noted Officers have been appointed to negotiate with the Farmers of 1896-97 to take up the leases for 1897-98 on the aforesaid terms.

No farmer will not be entitled to a refund if the year's tree-tax should exceed the farm rent.

If the Deputy Commr is satisfied that a farm was purchased at a loss in 1896-97 owing to factious competition, and if no one comes forward to take up the farm for 1897-98 on the terms aforesaid, he may fix such amount of rent as may seem proper [illegible] the amount of the [illegible] above.

(3) If any farmer declines to accept his farm for 1897-98 on these terms, the shops included in the farm will be sold by

Proceedings of the Government of Impure

SLP 15

Order:— Camp No: 613-22 Bx 12/4/97.

It is under the contemplation of Government to introduce what is known as the Tree tax system into the province of Impure. Instead however, of at once adopting the system in its entirety, the Government resolve to make the following preliminary arrangements for the official year 1897-98.

(1) During 1897-98, in parts of the State where the Tree-tax is declared to be introduced, no tree is to be tapped for toddy, without a license therefor to be obtained by payment of tree-tax at the following rates:—

Tree	Tree tax for each tree including local cess.
Date	R 1-1-0
Cocoanut	2-2-0
palmyra	1-9-6
Bapani or Sago palm	1-9-6

(2) The first offer for every toddy vend ~~farm~~ will be made to its present farmer on condition of his agreeing to pay for 1897-98, the rent he has agreed to pay for 96-97, ~~the said rent being~~ made up of —

(a) the ~~tree-tax~~ ~~as~~ at the above rates for the toddy yielding trees tapped by him under a license granted by the local Excise officers, for the supply required for bona fide consumption at his shops, whether such trees be in Government unoccupied or occupied land, or alienated land. ~~No~~ trees upon ~~private land~~ Government occupied land can ~~of course~~ be tapped without arrangement by the farmer with the owner. The present arrangements as regards trees on alienated land will hold good subject of course to the ~~payment~~ Govt. of tree tax; and

(b)

(b) Shop rental, being the difference, if any, between the farm rent and the tree tax for the year.

Note 1. No farmer will be entitled to a refund if the year's tree tax should exceed the farm rent.

Note 2. If the Deputy Commissioner is satisfied that a farm was purchased at a loss in 1896-97, owing to unwholesome competition, and if no one comes forward to take up the farm for 1897-98 on the terms aforesaid, he may fix such amount of rent as may seem proper, provided it is not less than the amount payable on account of tree-tax at the rates mentioned above.

If the No. of trees for which tapping licenses are obtained exceeds the No. whose license fee at the rates prescribed is covered by the said rent the farmer shall not be entitled to a refund of the excess fee paid by him on that account.

(3) If any farmer declines to accept his farm for 1897-98 on these terms, the shops included in the farm will be sold by auction; and the new farmer will, in addition to his bid, pay tree tax on the number of trees for which he may obtain tree tapping licenses.

(4) An agreement (in the accompanying form submitted by the Excise Commissioner, which is approved) should be ~~taken from~~ executed by each farmer for 1897-98 agreeing to abide by the terms of his Contract and by the Excise laws and rules which are now in force or which may from time to time be issued by Government.

(5) Tapping licenses may be granted at any time and, as much as possible will

From

The Excise Commissioner

To

The Secretary to the
Government of Mysore
General and Revenue Department.

Sir,

In continuation of my letter No. 6510/282 dated the 25th instant, I have the honor to submit herewith, for early approval and publication, a draft Notification for the sale of toddy shops in the various talukas of the province for the year 1898-99 and to solicit that in the Government Proceedings to be issued regarding the above Notification, the following points may be particularly noted:—

(1) In consequence of the Tree-tax system of the administration of Toddy Revenue coming to force in its entirety from 1st July 1898, [redacted] throughout the Mysore State, the "Aiyan farms" and "Aiyan

"Sayan Kumki farms" will cease to exist, as under such system the right of drawing toddy in the groves assigned to them, will not be leased along with the right of vending toddy in the shops belonging to them; but only the right of vending toddy either in individual shops or groups of shops, according to the circumstances of each locality, will be leased on condition that the lessees shall pay tree-tax with local cess thereon, for the trees tapped by them either in the Government or Inam Groves assigned to them, or elsewhere, so that from the year 1898-99 only "Angadys" or "Independent shops" will continue; and the purchase money or rental of such shops will be <u>separate and distinct</u> from the tree-tax.

(2) No local cess will be payable on the purchase money (rental or license fees) of the "Independent toddy shops" as under the <u>standing orders</u> of Government it is not levied

page 139 of new manual
order no LO(H) 831/5772

levied on that of arrack and drug shops, Foreign liquor shops, and Country Beer Taverns; but it will be levied on tree-tax (duty on toddy) as is done on the duty of arrack, country Beer and Ganja; and also on tree-rent for the Government trees in the Mysore territory tapped by British shop keepers.

The rental of "Independent Toddy shops" for the year 1898-99 is estimated at Rs 5,76,000, so that there will be a decrease of about Rs 36000 - under local cess on Toddy Revenue; but ——. a corresponding increase under shop rental may be expected.

(3) In several localities, as in the Bangalore city and in the talukas of Devanhalli, Malavally, Seeringapatam, Siddaghatta, &c, for example, the toddy shops whereof have date groves assigned to them in different talukas at considerable distances, these shops cannot be expected

expected to be taken up and worked individually and separately by professional men or other small capitalists, on account of the heavy cost of carriage and establishment; so therefore with reference to para 1 of the aforesaid sale-Notification, these shops will have to be formed into one or more convenient groups, according to the circumstances of each locality, and put up to auction.

(4) As the statistics of the Toddy-yielding trees licensed and tapped for the three quarters of the current year (from 1st July 1897 to 31st March 1898), will be available before the commencement of the auction sales of the shops, the Deputy Commissioners who will have the statements showing the value of the toddy shops for the guidance of themselves or other officers conducting the sales, will be in a position to guard the interests of Government and to secure reasonable amounts for each shop or group of shops put up to auction.

(5)

(5) It should be borne in mind that even in the current year 1897-98 there are "Angadys" or "Independent shops" such as the shops in alienated villages, and most of the shops in the taluks of Anekal, Bowringpet, &c, which have been leased without any trees assigned to them, but on condition that the lessees shall make their own arrangements to obtain the supply of toddy to the shops. Therefore in calculating the value of such shops, the whole of the purchase money thereof for the year 1897-98, should be treated as their value for that year, and the tree-tax of the trees tapped for them, as distinct additional revenue.

(6) Should the highest bids received for any individual shops or groups of shops be far below the value thereof shown in the statement referred to in clause (4) above,

above, on account of combination among the bidders, or the influence of the present middlemen or any other similar causes, the Deputy Commissioner should not accept such bids, but should, subject to the Excise Commissioner's approval, dispose of such shops or groups of shops by inviting tenders or by private negotiation either under the terms laid down in the aforesaid Notification, or under those of the Preliminary Tree-tax system sanctioned for the year 1897-98.

(7) This being the very first sale of independent shops or groups of shops under the Tree-tax system proper, the Deputy Commissioners of Districts or other officers conducting the sales, Divisional Officers of the Excise Department, Amildars and all Excise Officers should exert themselves in the interests of Government to achieve successful results.

2. It is proposed to abolish 486 super-numerary shops out of 3049 Date Toddy Shops

shops now existing in the province; and of the remaining 2563 shops, 2428 will, it is expected, be taken up and worked by Cadigars or other professional-men, as per particulars in appendix A; and 135 shops as per appendix B will have yet to continue in the hands of middlemen for the reasons stated in clause (3) above. If, owing to combination, failure of competition by professional men who are, in certain localities, still under the influence of middlemen, or other causes, any of the shops or groups of shops cannot be sold under the terms applicable to independent shops, the Deputy Commissioners of Districts, in view to guard against the loss of Revenue, will have to adopt the precautionary measures laid down in para 3 of the sale-Notification and in para 1 of Rule IV in the Notification regarding the Toddy Rules, which provide ample powers to the Deputy Commissioners of Districts to settle such shops or groups of shops by resale, or by inviting tenders, or by

private

private negotiation, or in the last resort under the terms of the present Preliminary T. System.

3. For the sale of the Toddy shops in the Civil and Military Station of Bangalore for the year 1898-99, the requisite Notification has to be issued by the Resident.

Protected proceedings Submitted

4. The schedule of the Independent shops and groups of shops to be appended to the sale Notification, being very long and voluminous, it has been sent to the Government Press direct to save delay in printing it. A statement showing the dates fixed in the schedule for the sale of the shops and groups of shops, is herewith submitted for information.

5. I beg to solicit that 250 spare copies of the Government Proceedings issued on the above subject, and 500 spare copies in English and 2000 in Kanarese of the sale Notification may be ordered to

to be supplied to my office for distribution.

Notification.

No. 785, dated the 26th February 1897.

1. Notice is hereby given that the right of selling country spirits in each of the thirty shops in the Civil and Military Station of Bangalore, specified in the subjoined schedule, for the year beginning 1st April 1897 and ending 31st March 1898, will be put up to public auction at the upset annual prices, specified therein. The sale will be conducted by the Collector at his office in the Mayo Hall, commencing at 12 noon on Saturday the 20th March 1897.

2. Each bidder at the auction will deposit a sum of Rs. 50 previous to bidding. The shops will be knocked down to the approved highest bidder above the upset price mentioned in the aforesaid schedule, subject to the formal confirmation by the Collector who will be at liberty to accept or reject the bid at his discretion without assigning reasons for the same, such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at his discretion.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop, shall at once deposit a sum equal to half a month's rent for that shop. Should he fail to do so, the deposit made by him under paragraph 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paragraphs 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses in the appended form A on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses as aforesaid, the shop or shops will be resold at the risk of such person, or, if the auction hereby notified, has already been completed, will be otherwise disposed of at the discretion of the Collector of the Civil and Military Station. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under paragraph 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposit will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. Sales in the 30 retail shops for the 9 months ending 31st December 1896 are given in the schedule.

Conditions.

(1). The privilege conferred by the license, extends only to the sale of country spirits of the strength of 20° under proof, and with the special permission and passes of the Collector or other officer authorized by him, to the sale of double distilled liquors and "milk punch" in bottles duly corked and labelled in the Central Distillery.

made by the licensee will be taken in payment of the rents due for the last two months of the period of the farm. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(7). The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(8). The remaining terms and conditions shall be as set forth in appendix (A).

7. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent, to the Collector, to impose upon the licensee a fine not exceeding Rs. 10 for every such breach, or at the option of the Collector to declare the money deposited with him forfeited, and to cancel the license and to re-sell the exclusive privilege at the risk of the licensee, and all loss thereby caused shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once which shall be recovered as if it were an arrear of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise laws or rules in force.

rules issued under the arrangements lately entered into with the Madras Government.

15. The addition to para 5 of Rule V is necessary to make it obligatory on the lessees to point out the trees applied for by them, for being readily marked. Such rule exists in Madras.

16. The addition made to para 8 of Rule V is what has been already sanctioned by Government in Proceedings No. $\frac{613-22}{84}$, dated 2nd April 1897. Vide para 7 of the form of agreement appended to the Proceedings.

[illegible] 15-80 [illegible] in the Draft Rules.

17. Para ~~11~~ 10 of Rule V is altered so as to make it conformable to para 2 of Tree tapping license No. 5 (A). The tree rent will not however, be levied from the

the shop keepers in the Mysore State for 1898-99 as stated in the Sale Notification, it being necessary that they should not be burdened with such additional payment until they gain full experience of the details of the Tree tax System proper.

18. The Tree-tax being duty on Toddy, it has to be prepaid before the removal of Toddy from the tapped trees. Accordingly in the Madras Presidency one-half of the Tree-tax has to be prepaid at the time of application for the tree-tapping license. I have, however, fixed it at one-third to make the prepayment easier for the lessees; and have modified para 11 of Rule V accordingly.

19. Whether the trees are stunted in growth or not is a departmental matter

matter for the Officers of the Department to readily ascertain and settle; and ~ Therefore clauses (3) and (5) of para 17 of Rule V are altered so as to enable Divisional Officers of the Department to dispose of such Cases without loss of time.

20. Clauses 6 and 7 of para 17 of Rule V, which exist in the Madras Presidency ~ being important, have been adopted.

License A 21. The alterations and additions made in license A are in consequence of those made in the above Rules. In Condition 21 the words - "unfit for human consumption" are substituted for the words - " drawn more than two days previously;" as it has been found from experience that toddy even four days old would, if properly preserved, be

be fit for human consumption.

License C 22. It is undesirable to keep Toddy Depôts open after sunset, more particularly as Toddy shops have to be closed by 9 P.M. under condition 14 of License A; hence the alteration of Condition 6 in the Depôt License.

Explanatory Memo showing the object and reasons for each of the principal modifications and alterations in the draft Notification regarding Toddy Rules and Licenses.

Draft Rules } 1. As the "Aiyan Farms" and "Aiyan Kumki Farms" under the Farming System hitherto in force, will cease to exist under the "Independent shop System" and "Tree-tax System" which are proposed to be introduced from 1st July 1898, the old Rule II is struck out, the requisite provision regarding the shops in alienated villages, being added to Rule I.

2. The words - "unless revised by the Excise Commissioner or by Government" after the words - "such formal confirmation will," in para 1 of Rule IV are inserted for the reasons referred to in correspondence ended with my letter No. 1886/106, dated 30th August 1897.

3. The addition after the word "discretion" in

in the first sentence of para 1 of Rule IV, is made to enable the Deputy Commissioners of Districts to take necessary precautionary measures for guarding against the loss of revenue in the event of reasonable bids not being received for any individual shops or groups of shops.

4. The last sentence in para 1 of Rule IV is struck out, it being inconsistent with the first sentence thereof. It has also been omitted for the same reason in para 1 of Rule XXI in the revised arrack Rules sanctioned in Government Notification No. 371/Et, dated 12th March 1897. IV 2.

5. The proviso in the first sentence of para 2, Rule IV, is inserted to enable Government to dispense with initial deposits at discretion. Such provision has also been made in para 2(b) of arrack Rule XXI.

6. The initial deposit which had been fixed at Rs 50 in para 2 of Rule IV, in the case of Vend Farms, is reduced to Rs 10 in the case of individual

individual shops and Rs 25 in the case of groups of shops, the sum of Rs 50 being too large as regards individual shops or groups of shops.

7. As no provision for the execution of security bonds by the sureties of the lessees, existed in the old Rules, the requisite provision is made in para 4 of Rule IV, in view to legalize the present practice of taking security bonds from them.

8. The old para 5 of Rule IV is omitted, as the particulars of the shops, groves &c. are published in sale notifications for the information of the public.

9. The additional clause (1) of para 5 is intended to show to the lessees of shops and groups of shops how they have to obtain the supply of toddy to their shops.

10 The

10. The additional clause (5) of para 5 of Rule IV is inserted in the Rules as it now exists in License A vide clause (8) of para 3 of the License.

11. The altered clause (6) of para 5 of Rule IV regarding minimum retail rates, is what has been already sanctioned in Government Proceedings No. 613-22/8+, dated 2nd April 1897.

12. Clause (8) of para 5 of Rule IV is altered so as to legalize the present practice of issuing licences to toddy depôts.

13. The addition to clause (9) of the above para is to make it consistent with the existing clause (8) of para 7 in the Sale Notification.

14. Old clause (13) of the above para is struck out in consequence of the revised rules

assigned to them, have been leased on condition that the total farm rent which the lessees have agreed to pay shall be made up of

(a) the tree-tax at the prescribed rates for the toddy-yielding trees tapped by them; and

(b) shop rental, being the difference, if any, between the total farm-rent and the tree-tax payable for the trees tapped by them.

Therefore from the total farm rent which they have agreed to pay, the amount of tree-tax due for the trees tapped by them is deducted, and if any balance is left, such balance is treated as shop rental; but if, at the close of the year, no balance remain, or the tree-tax exceed the total farm rent, the whole of the realizations will be treated as tree-tax. Under farms №. (3), which are independent shops with no groves assigned to them, the right of vending toddy alone has been leased, so that the whole of the purchase money thereof represents shop rental

rental, and the tree-tax of the trees, which the lessees of these farms have to obtain under their own private arrangements, being quite distinct from such shop rental, the whole of it is separately credited under the head "Tree-tax"

3 From 1st July 1898, both the "Aiyan farms" and "Aiyan Kumki farms" will cease to exist, as the right of drawing toddy in the groves assigned to them will not be leased along with the right of vending toddy in the shops belonging to them; but only the right of vending toddy either in individual shops or groups of shops, according to the circumstances of each locality, will be leased on condition that the lessees shall pay tree-tax at the prescribed rates, with local cess thereon, for the trees tapped by them either in the Government or Inám groves assigned to them, or elsewhere, so that, from and after the year 1898-99, only "Angadi" or Independent shop farms will be in existence.

4 As no local cess is payable on the license fees of shops, (shop rental), that item has been omitted in the Chellans, &c, releating to shop rental, as in the case of

the

the rentals of arrack and drug shops.

5 Wherever toddy-yielding trees are not within easy reach of shops, they cannot be taken up and worked individually by small capitalists. In such localities, viz: Bangalore City, Civil and Military station, Devanhalli taluk, Sidlagha tta taluk, &c., the shops have to be grouped and sold, as in the case of arrack shops, to enable large capitalists, who can afford to bear the heavy cost of carriage, &c., to bring toddy from long distances, to take them up.

6 A memo is attached explanatory of each of the principal modifications and alterations made in the notification and Licenses.

7 I beg to request that 500 copies of the revised Rules may be ordered to be supplied to my office for distribution, and 2000 copies to the Government Book Depôt for sale.

Toddy along the Mysore Frontier.

An arrangement has been arrived at with the Government of Mysore under which, on the introduction of the tree-tapping system into that State, the tree-tax on toddy produced by Mysore trees consumed in British territory will be credited to the British Government and Vice Versa. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following instructions are issued on the subject.

1. Tree tax on trees in Mysore for which tapping licenses are about to be taken out by British shop-keepers must be paid in one instalment to the Tahsildar of the Taluk who will grant a receipt in form No 95.7 and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses in British territory. The applicant will then make his application to the Mysore authorities in accordance with the Mysore tree-tapping rules and will obtain a

a transport permit from the British Inspector concerned for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Mysore rules.

2. A Mysore shop-keeper or renter desiring to obtain toddy from trees growing in British territory will pay into the Mysore Amaldar's treasury the tree tax on the trees which he proposes to tap. The Amaldar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license in Mysore will grant a receipt with this fact certified at the foot.

3. The applicant will then proceed, as directed in para 7 of Circular Orde I of 1892, to make an application to the British Tahsildar or Deputy Tahsildar concerned. The latter will accept the receipt and Certificate as evidence that the amount mentioned has been paid and that the applicant is a person by whom an application for a tree-tapping license may be made and comply with the instructions given in the para-

Just

just referred to. The issue of licenses, mark-
-ing of the trees &c will be effected in precisely
the same manner as if the applicant were
a British Shopkeeper, the number of trees
to be licensed being calculated at the
higher rate of the two whether Mysore or
British if the rate is not the same on
both sides of the frontier. The license
issued will however be slightly modified
as explained below :-

4. The British Inspector will issue
transport permits to the frontier in the
usual way, care being taken, as far as
possible, to prescribe a route which
does not involve the toddy approaching
near any Britesh toddy shops. The latter
should not be located along any of the
main routes by which toddy is exported
to Mysore if it can be avoided and the
attention of the Collector should be
called to the desirability of removing
adjacent shops to a distance. It will be
for the Mysore Officer to grant permits
from the frontier on to the destination
of the toddy.

5. Transport permits for toddy exported by rail will be given in batches of 7 - one for each day of the week - to allow of a transport permit being invariably attached to the way bill.

6. In the tree tapping licenses granted on the application of Mysore renters and shop keepers Rule 5 will run as follows:-

All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, immediately be conveyed direct across the frontier into Mysore under a general transport permit granted by the Collector or other duly authorized officer or person. Transfers of toddy even by way of gift between the time of drawing and crossing the frontier are absolutely prohibited.

7. The following will be added after rule 9:-

10. This license has been granted in consideration of the payment of tree tax to the Mysore Government and is liable to cancellation at its request or that of any officer duly empowered by it in this behalf.

as the ——————— rates prevailing in Salem and North Arcot and South Canara differ from ours, it has likewise become necessary to arrive at an understanding on this point also. As directed by Govern-ment, I met Mr Willock, the Abkary Commissioner of the Government of Madras, and after personally going in detail over the several matters involved, we have come to an understanding which is set forth in the enclosed memorandum, and which in my opinion satisfactorily meets all requirements and provides for the fairest adjustment of revenue derived from this source. I may also state that Mr Willock's opinion also is in agreement with mine in all respects in the matters therein dealt with. I beg that Government may be pleased to approve of the same, and authorize me to issue the Circulars embodying these provisions among others for the proper working of the scheme now introduced into Mysore, which

Sir,

I have the honor to state for the information of Government that in consequence of the introduction of the preliminary tree-tax system into the Province from 1st July 1897, it became necessary to effect certain arrangements with the British authorities of the surrounding districts of the Madras Presidency for the mutual supply of toddy to frontier shops and for transport of it from one Mysore village to another across British Territory and vice versa. As the Government of Madras is understood to have decided upon the introduction of their T. T. System into the Anantapur and Bellary Collectorates at a rate now uniform with our rates, and

bids, and the result will be a greater loss to Government than it would be otherwise.

Negotiating with the present farmer, or on his declining, with another for the present amount, and dispensing with auction sale has secured a guaranteed amount of tree tax equal to present revenue which is safe, and loss to Government is minimised. This has been the principle of the preliminary scheme now being worked out under orders of Government referred to and has been strictly adhered to.

The modification proposed is absolutely necessary not only to ratify the settlements hitherto made, but also to prevent the enormous loss of revenue which would otherwise happen.

34. The licensee shall pay the usual mohatarfa tax on carts used for conveying Toddy, but such carts shall not be impressed for Government work.

35. The licensee shall be responsible that his servants or agents are prevented from extracting Toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the springing of the branches, nor shall any leaves be cut and used by them except such as may have to be removed for the purpose of drawing Toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction ; and any breach of these rules shall render the licensee liable to the payment of a penalty of Rs. 50 for each offence.

36. The licensee shall employ only professional toddy-drawers for tapping the trees.

37. In case of any breach of the aforesaid conditions either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

38. The imposition of a fine, or the forfeiture of deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Excise Act or any other law for the time being in force and relating to the Excise Revenue, or any other enactment under which the offence may be punishable.

39. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force and relating to the Excise Revenue, or any other enactment, it shall be lawful for the Deputy Commissioner to declare his license forfeited.

40. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of land revenue.

41. Any sums deducted by the Deputy Commissioner under the powers herein contained from the deposit made by the licensee for the due performance of the lease, shall be replaced by him or his surety within 15 days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

42. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

CONDITIONS.

1. The exclusive privilege conferred by the license extends to the vend of date, palmyra, cocoanut and bagani toddy for consumption within the farm.

2. The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

3. (1) (*a*) For the trees required to be tapped by the licensee for each quarter in the Government groves assigned to his farm, or in private groves obtained for the manufacture of Toddy under private arrangements between himself and the owners of such groves, he shall make the application in the prescribed form in due time, and obtain tapping licenses.

(*b*) In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of date trees prepared, so that they may be easily marked by Excise officers.

(*c*) No trees shall be tapped, nor shall Toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the preparation of the spathes or incisions for the drawing of Toddy from the fit trees applied for, may be made as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

(2) The licensee shall pay Rs..... including local cess as total rent for 1897-98, but made up as per particulars below :—

(*a*) For each toddy-yielding tree tapped by the licensee, tree-tax shall be paid at the undermentioned rates :—

Description of trees.	Rates of tree-tax including local cess per tree per annum.

(*b*) The difference, if any, between the amount of tree-tax so realized and the total rent including local cess referred to in clause (2) above, shall be paid as farm rent.

(3) The tree-tax and farm rent thus payable for 1897-98 shall be adjusted as follows—

(*a*) Deduct the tree-tax payable for the trees tapped in each of the four quarters of 1897-98 from $\frac{1}{4}$th of the total rent including local cess, referred to in clause (2) above. The difference, if any, will represent the farm rent payable for each of such quarters.

(*b*) The tree-tax plus the farm rent, if any, calculated as above, shall be payable in the following instalments :—

Several Seasons.	Proportion of Tree-tax and Farm-rent to be paid monthly to Government.	Instalments by which to be paid.

4th quarter, between 1st April and 30th June	Do do ..	Do 20th April. Do 20th May. Do 20th June.

If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare by record in writing that the license is forfeited, and proceed to resell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and give to each separate shop-keeper a license for the rent he agrees to pay plus tree-tax at the prescribed rate, provided the total of such rents and tree-tax is not less than what the defaulting farmer had agreed to pay.

(4) If the amount of tree-tax paid by the licensee were to equal the total rent including local cess mentioned in clause (2) above, nothing would remain to be paid by him as farm rent. But if the tree-tax payable on the trees tapped by him were to exceed such amount, he shall be bound to pay such excess.

(5) For the convenience of the licensee, application for tree tapping licenses for 1897-98 shall be received, trees shall be marked and tapping licenses shall be issued, by the Supervisors concerned, during the month immediately preceding the 1st July 1897, so that the drawing of Toddy for 1897-98 may take effect from the 1st July 1897.

(6) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the farm. Provided, however, that when the farm is resold or broken up under the provisions of clause (3) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties or from both under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall on any account whatever be claimable by the licensee. Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(7) If the deposit is in Government Promissory Notes which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him ; otherwise they will be sold, and the sale proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the resale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due and the loss, if any, sustained by Government by resale ; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the resale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of land revenue.

(8) The resale referred to will, however, be subject to formal confirmation by the Deputy Commissioner who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

(9) If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease ; in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

4. (1) (*a*) The licensee of a " direct supply farm " shall obtain the supply of Toddy only from the grove or groves specially assigned to him, on the aforesaid terms.

(*b*) If the number of trees in the above farm be more than the requirements of the shops attached thereto, they shall be available for supply to any other Government farm. The grove may, at the discretion of Government, be sub-divided so as to allow the toddy to be drawn on the aforesaid terms, by the "Direct supply and aiding (Aiyan Kumki) farm" or "Shop farm," as the case may be.

(*c*) Should the "Direct supply farm" be inadequate to supply the wants of the licensee, he may make his own arrangements with private land-holders for drawing Toddy from trees on their lands, and to use such Toddy for sale in the shops attached to his farm, subject to the payment of tree-tax as above specified.

(*d*) No Toddy shall be sold or used for the manufacture of jaggory except in such localities and on such conditions as may be prescribed.

(2) The licensee of a "Direct supply and aiding farm" shall sell the Toddy to another Government farmer at the usual rate prevailing in the locality, *viz.*, at ghadas or seers per rupee; or if so desired, Government shall divide the grove or groves so as to admit of the required supply of the shops attached to the said farm, or other class of farms, being obtained from the trees assigned therefor, on the aforesaid terms.

(3) The licensee of the "Shop farm" shall obtain the supply of Toddy from a "Direct supply and aiding farm," by paying the prescribed tree-tax for the trees tapped by him. If a grove be available, he may get his supply from the same, and he may also obtain his supply from land-holders by making his own private arrangements with them, subject to the payment of tree-tax at the prescribed rates for the trees tapped by him.

(4) The Deputy Commissioners of the Bangalore, Kolar, Tumkur, Mysore and Chitaldrug Districts may, at their discretion, permit the import and export of Toddy from and to the districts of Bellary, Anantapur, Cuddappa, North Arcot, Salem and Coimbatore, in the Presidency of Madras, subject to para 4 of Rule 170, Chapter XI of the Standing Orders of the Board of Revenue, an extract of which is given in the margin, and subject also to such other rules, orders, restrictions or payments as may be framed, passed, imposed, or determined upon from time to time. No refusal of permission in this behalf shall be made the ground of any claim for remission or abatement.

Chapter XI, Rule 170, para 4, "The Collectors of the districts of Bellary, Anantapur, Cuddappa, North Arcot, Salem and Coimbatore may permit the import and export of Toddy from and to Mysore. The issue of permits should, however, be restricted to the renters of rent areas (farms) from which the liquor is to be directly exported.

(5) The licensee of farms in alienated villages will be allowed to draw Toddy only from trees in the groves assigned to him or from the trees in private lands, subject to the payment of tree-tax at the prescribed rates.

5. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not reserved for tapping.

6. Toddy shops in alienated villages shall be separately leased, and the amounts connected therewith shall be shown in the accounts under a distinct head.

7. The licensee shall keep true and correct accounts showing —

(1) the names and situation of date topes from which Toddy is drawn,
(2) the number of Trees tapped,
(3) the quantity of Toddy drawn daily,
(4) the quantity of Toddy sold daily, and
(5) the names of the shops to which Toddy is supplied.

These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner and shall be open to inspection by the Amildar, or any Excise Officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

8. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules shall be strictly prohibited.

9. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another, or direct new shops to be opened with the previous sanction of the Excise Commissioner. A sufficient supply of Toddy shall be maintained in all sanctioned shops.

10. Each shop-keeper shall place the license granted to him in a conspicuous place in the shop.

11. A sign-board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the price of the Toddy sold by him.

12. The shop-keepers shall prevent all drunkenness or disorder or gaming within their shops.

13. No shop shall be opened before sunrise.

14. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

15. The shop-keepers shall not harbour robbers or thieves or riotous persons, but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to their shops.

16. The shop-keeper shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for Toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

17. No shop keepers shall sell to any person more than three measuring seers of Toddy to be consumed in the shop. Unless he holds a pass, the shop-keeper shall not allow any one to take out of his shop more than two imperial quarts, with the exception of bakers who are permitted to purchase and remove the quanuty of Toddy specified in the pass held by them.

18. Shop-keepers shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

19. The distillation of spirit from Toddy is absolutely prohibited.

20 No ingredients noxious to health shall be put into the Toddy either to increase its intoxicating power or for any other reason.

21. No diluted or adulterated Toddy or Toddy drawn more than two days previously, shall be sold or offered for sale or kept in the shop.

22. No Toddy shall be sold at rates below the minimum retail rates fixed by Government as per particulars below:—

23. Shop-keepers shall use such measures as may, from time to time, be prescribed by Government.

24. The licensee shall have such measures tested and stamped at his own expense.

25. No Toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise Officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under 12 years of age, for consumption on the premises; nor shall any Toddy be sold *on credit*.

26. The Deputy Commissioner may direct that all shops for the sale of Toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with Toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

27. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor or spirit than Toddy.

28. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his farm or any portion of his farm. The resignation of the farm in whole or in part shall be summarily rejected by the Deputy Commissioner.

29. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. 32. Interest shall be payable upon all moneys due by the licensee at the rate of six per centum per annum.

33. The licensee shall provide himself with printed forms of permits for transport and possession of Toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise Officers.

same amounts to the sub-lessees who are in most instances the professional Eadigars. This procedure was adopted particularly with the object of dispensing with middlemen, and dealing directly with the Eadigars. In all the instances in which the farms have been thus disposed of, there were no higher bids or tenders. Thus wherever different persons have taken up the leases for 1897-98, they have been treated as the highest bidders or tenderers for that year.

Under cl. (3) of the Govt. Order, if the old farmer declines to take up the farm, the shops included therein are to be separately sold, and tree-tax levied in addition. I submit that this is the proper procedure, and that there is no object gained by mixing up shop-rent and tree-tax in such cases.

It is true that in para 11 of the draft instructions submitted by the Ex: Comr. (serial 21), the language used (which is vague and incorrect) is as follows:- "If "any of the farmers of 1896-97 decline to accept "the farms for 1897-98 on the proposed terms, such "farms should be sold at once by public auction "on such terms." What terms? Surely not the same terms as those offered to the old farmer, but terms represented by the highest bid, which will be less advantageous to Govt. if the shop-rent is the difference between total amount of bid and tree-tax than if the shop-rent were separately determined by sale of the shop. I discussed this point with the Ex: Commr. in person, and he told me distinctly (as I had noted at the time) that the latter procedure was the one to be adopted.

Instead of making his draft [illegible] conform to the Govt. Order, the Ex: Comr. wants the latter to be altered to suit agreements actually taken and embodying terms opposed to that Order.

I have marked with a cross such portions of the draft agreement as are inconsistent with the Order. If so directed, I shall prepare a fresh draft in conformity therewith.

26/4/97

The Asst. Secy. is quite right - but I am afraid it is too late now to enforce clause (3) of para 1 in the case of sales already effected - The Excise Commr. may be asked why it should not be strictly adhered to as regards sales to be hereafter held & wherein lies the necessity for a modification of the Govt. Order.

No. 613-22—Ex., dated, Camp Mysore, 2nd April 1897.

Order.—It is under the contemplation of Government to introduce what is known as the tree tax system into the province of Mysore. Instead, however, of at once adopting the system in its entirety, the Government resolve to make the following preliminary arrangements for the official year 1897-98.

(1) During 1897-98 in parts of the State where the tree tax is declared to be introduced, no tree is to be tapped for toddy, without a license therefor to be obtained by payment of tree tax at the following rates:—

Tree.	Tree tax for each tree including local cess. Rs. a. p.
Date	... 1 1 0
Cocoanut	... 2 2 0
Palmyra	... 1 9 6
Bagani or sago palm	... 1 9 6

(2). The first offer for every toddy vend farm will be made to its present farmer on condition of his agreeing to pay for 1897-98, the rent he has agreed to pay for 1896-97, the said rent being made up of—

(*a*) the tree tax at the above rates for the toddy yielding trees tapped by him under a license granted by the local Excise Officers, for the supply required for *bona fide* consumption at his shops, whether such trees be in Government unoccupied or occupied land or in alienated land. No trees upon Government occupied land can be tapped without arrangement by the farmer with the owner. The present arrangements as regards trees on alienated land will hold good, subject of course to the levy by Government of tree tax; and

(*b*) shop rental, being the difference, if any, between the farm rent and the tree tax for the year.

Note 1.—If the number of trees for which tapping licenses are obtained exceeds the number whose license fee at the rates prescribed is covered by the said rent, the farmer shall not be entitled to a refund of the excess fee paid by him on that account.

Note 2.—If the Deputy Commissioner is satisfied that a farm was purchased at a loss in 1896-97, owing to unwholesome competition, and, if no one comes forward to take up the farm for 1897-98 on the terms aforesaid, he may fix such amount of rent as may seem proper, provided it is not less than the amount payable on account of tree tax at the rates mentioned above.

(3) If any farmer declines to accept his farm for 1897-98 on these terms, the shops included in the farm will be sold by auction; and the new farmer will, in addition to his bid, pay tree tax on the number of trees for which he may obtain tree-tapping licenses.

(4) An agreement (in the accompanying form submitted by the Excise Commissioner, which is approved) should be executed by each farmer for 1897-98 agreeing to abide by the terms of his contract and by the Excise laws and rules which are now in force or which may from time to time be issued by Government.

(5) Tapping licenses may be granted at any time; and as much as possible will be confined to trees of the grove or groves, if any, attached to the farm during 1896-97, unless the trees therein are insufficient, in which case licenses may be granted for tapping trees in other groves also.

(6) The tree tax on trees tapped during each quarter and the proportion of shop rental due for each quarter of the year shall be payable in three equal monthly instalments on or before the 20th day of each month.

(7). The minimum retail rates for the sale of toddy will be as shown in the appended list.

2. The Excise Commissioner is requested to issue to the canvassing officers concerned such detailed instructions in the light of the above remarks, as may be necessary for making the scheme an assured success.

3. A provisional notification will be issued under the Excise Act, declaring that the rules contained in Notification No. 11739-40—R. F. 233- 92, dated 14th January 1893, shall, as far as may be, apply to the contracts for 1897-98. The Excise Commissioner should, however, submit in due course a set of draft rules with forms of license, &c., specially applicable to the tree tax system.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner, with reference to his letter No. 4179—288, dated 1st February 1897 and No. 4517—314, dated 4th March 1897.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Form of Agreement to be executed by Toddy Vend Farmers for 1897-98, *referred to in Clause* (4) *of para* 1 *of Government Proceedings.*

Whereas the Government of Mysore has agreed to lease the undermentioned toddy vend farms to me for 1897-98 on the following terms and conditions for the same rent that I have agreed to pay for 1896-97, I do hereby engage to accept the same and bind myself, my heirs, executors and representatives by the terms and conditions hereunder mentioned.

Terms and Conditions.

1. I will pay for 1897-98 the same rent that I have agreed to pay for 1896-97, *viz.*, Rs. including local cess, but made up as follows: —

Description of tree.	Rates of tree tax per tree per annum.	Rs. a. p.
Date	Tree tax including local cess	1 1 0
Cocoanut ...	Ditto ..	2 2 0
Palmyra ...	Ditto ...	1 9 6
Bagani or sago palm in malnad.	Ditto ...	1 9 6

(*a*) the tree tax at the marginal rates for the toddy yielding trees tapped by me in Government groves, as well as in occupied and alienated lands; and

(*b*) farm rent.

2. My deposits and securities of 1896-97 shall be utilized for 1897-98 for the due fulfilment of my present engagement.

3. For the trees required to be tapped for each quarter in the Government groves assigned to my farm, or in private groves obtained by me for the manufacture of toddy under private arrangements between myself and the owners of such groves, I shall make the application in the prescribed form, in due time, and obtain tapping licenses.

4. In the case of date trees applied for by me to be tapped, I shall get the requisite spaces on the stems of date trees prepared, so that they may be easily marked by Excise Officers.

5. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree, until the tree has been marked by the proper

officer. But the preparation of the spathes, or incisions for the drawing of toddy from the fit trees applied for, may be made as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

6. The tree tax and farm rent payable for 1897-98 shall be adjusted as follows :—

(1) For each toddy yielding tree, tree tax at the above prescribed rates shall be paid. The difference, if any, between the amount so realized and the total amount of rent including local cess for the year 1896-97 shall be paid as farm rent.

(2) Deduct the tree tax payable for the trees tapped in each of the four quarters of 1897-98 from $\frac{1}{4}$ of the total rent including local cess for 1896-97. The difference, if any, will represent the farm rent payable for each of such quarters.

(3) The tree tax plus the farm rent calculated as above shall be payable in the following instalments :—

Quarters.	Proportion of tree tax and farm rent to be paid monthly to Government.	Instalments by which time to be paid.
1st quarter, between 1st July and 30th September.	$\frac{1}{3}$ of tree tax plus $\frac{1}{3}$ of farm rent.	On or before 20th July.
	Ditto ..	On or before 20th August.
	Ditto ...	On or before 20th September.
2nd quarter, between 1st October and 31st December.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th October.
	Ditto ...	On or before 20th November.
	Ditto ...	On or before 20th December.
3rd quarter, between 1st January and 31st March.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th January.
	Ditto ...	On or before 20th February.
	Ditto ...	On or before 20th March.
4th quarter, between 1st April and 30th June.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th April.
	Ditto ...	On or before 20th May.
	Ditto ...	On or before 20th June.

If the amount of tree tax paid by me for 1897-98 were to equal the total amount of rent including local cess for 1896-97, nothing would remain to be paid by me as farm rent for 1897-98. But if the tree tax payable by me on the trees I tap for 1897-98 were to exceed such amount of 1896-97, I should be bound to pay such excess.

7. For the convenience of the farmers, application for tree tapping licenses for 1897-98 shall be received, trees shall be marked and tapping licenses shall be issued, by the Supervisors concerned, during the month immediately preceding the 1st July 1897, so that the drawing of toddy for 1897-98 may take effect from the 1st July 1897.

8. I shall not sell toddy at rates below the minimum retail rates fixed by Government as per particulars below :—

9. I shall further hereby bind myself to conform to the conditions of Tapping License, Farm License, Shop License and Excise Laws and Rules, which are now in force, or which may from time to time be issued by Government.

10. In case of any breach of the above terms and conditions either by myself, or with my connivance and privity, by any person in my employment or in the event of my neglecting to open my shops or to carry on the business of my farm with due care and attention, it shall be competent to the Deputy Commissioner of the district to impose upon me a fine not exceeding Rs. 50 for every such breach of such terms and conditions or such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the farm and sell it at my risk. When the farm is cancelled, the tree tax and rent for the whole period of the lease shall become due at once, and all loss caused to Government by the cancelment or sale of the farm shall be made good by myself, my heirs and representatives. All the amounts of such fines, penalties and loss shall be recovered in the same manner as if they were arrears of land revenue.

Dated this day of 1897.

In witness whereof I hereby affix my signature.

Sir,

In submitting herewith copy of the Madras Revenue Board's Resolution No: 4462/Mis, dated 22nd October 1896, I have the honor to state that the reasons therein mentioned for remitting the fees chargeable under the Court Fees Act on applications made by toddy shop keepers for licenses to tap toddy-yielding trees, equally apply to the Mysore State. Accordingly, I beg to submit the accompanying draft notification for approval and publication.

Resolution. — Inis No: 4462, dated 22nd October 1896

Paragraph 2 of the toddy-tax notification under section 24 of the Madras Abkari Act requires that applications for the grant of toddy-tapping licenses should bear a court-fee stamp of the value of one anna. This is necessary under section 6 and article 1 (a) of schedule II of the court-fees act VII of 1870. The Board think it desirable that all formalities and restrictions should be done away with, as far as possible in dealing with the Abkari Revenue and in order to encourage the toddy drawers and shop keepers to come forward and purchase the shops without the intervention of middlemen. Even such a trifling formality as the attachment of a one-anna stamp to an application acts as a deterrent in its opinion, particularly in out-

of-the

out-of-the way localities where the evil of interposition ——— of middlemen is now felt by the Government revenue. It therefore begs to suggest that Government will be pleased to move the Government of India for the issue of a notification under section 35 of the Court-fees Act which will enable it to remit the fee above referred to. The loss in stamp duty which will accrue in consequence will be a mere trifle compared with the advantages derivable from reducing the process of submitting applications for these licenses to the simplest possible form.

SUPPLEMENT TO THE

MYSORE GAZETTE.

Published by Authority.

BANGALORE, THURSDAY, MARCH 31, 1898.

SALE OF TODDY SHOPS FOR 1898-99.

Notification No. 1898.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling ~~Date~~ Toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1898 and ending with 30th June 1899, will be sold by the respective Deputy Commissioners, or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective Taluk Kasbas, ~~subject to the conditions hereinafter set forth~~. If the sales are not completed on those days, they will be continued on the next following days. ~~Should there be no bids or no reasonable bids for any of the aforesaid individual shops or groups of shops, or should~~ any of the groups of shops specified in the Schedule require revision, the officer conducting the sale shall revise the groups of shops and sell them, or otherwise dispose of the shops or groups of shops, subject to the approval of the Excise Commissioner.

2. The exclusive privilege above described will be put up to auction, and will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject any bid at discretion, or to dispose of the said privilege by inviting tenders or by private negotiation under the terms specified in this notification or under those of the Preliminary Tree-tax system of 1897-98, subject to the Excise Commissioner's approval. Such formal confirmation or disposal will, unless revised by Government, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has deposited Rs. 10 ~~per cent~~ in the case of individual shops or Rs. 25 ~~per cent~~ in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or groups of shops is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Provided that if the Deputy Commissioner considers it advisable, he may permit a deposit in cash or Government securities equal to only two months' rent, or such deposit equal to one month's rent and personal security for three months' rent. If he fails to produce the aforesaid securities, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold, ~~or otherwise disposed of~~ as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and his surety if any shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment of the terms of the lease by the purchaser. The said agreement and bond shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, or if his surety fails to execute the bond, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. The particulars of each shop or group of shops are specified in the appended Schedule.

7. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shopkeeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagni and dadsale toddy.

(3) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1898, each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the shop or group of shops as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to give to each vendor under the defaulting licensee a license for the rent he agrees to pay, provided such rent is not less than what the defaulting licensee had agreed to pay, and provided further that he pays tree-tax at the prescribed rate for every tree tapped by him.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the lease. Provided, however, that when the exclusive privilege is resold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the privilege. The balance of such arrears

and deficits, if any, shall be recoverable from the licensee or his surety or sureties, or from both, under the Rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee. Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from date of resale.

(5) ~~The minimum retail rates below which toddy~~ shall not be sold to the public ~~are~~ specified in the appended Schedule.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(7) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited.

(9) The Deputy Commissioner may whenever, he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site, ~~or direct new shops to be opened, with the previous sanction of the Excise Commissioner.~~

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop ~~in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.~~

(11) The licensee shall be bound by the provisions of the Excise law and rules ~~and by the terms and conditions of the license in force or by any additional rules which may from time to time be prescribed under the Excise laws.~~ The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy, ~~which forms may be purchased from local Excise officers.~~ Printed forms of permits may be purchased from Excise Officers.

(12) The ~~lease~~ shall not be transferable, except with the permission of the Excise Commissioner.

~~(13) Resignations of shops or groups of shops will be summarily rejected by the Deputy Commissioner.~~

(14) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the lessee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate, to take effect from the commencement of such period; provided that no toddy shall be drawn except during the currency of such license.

Notification No. 10353—*Ex.* 424, *dated Bangalore,* 27*th April* 1898.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1898 and ending with 30th June 1899, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said *Schedule, and at the respective Taluk Kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

*As altered by Notification No. 10355—Ex. 426, dated 27th April 1898.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the License to be issued to him; and his surety, if any, has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above and furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops ; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shopkeeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue.

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the two, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Trees tapped one year shall not ordinarily be tapped the next year.

(*b*) Trees shall not be overtapped or overworked.

(*c*) In no date tree shall the initial incision be made at any point less than three feet from the ground except in places where permission is specially given.

(*d*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*e*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*f*) Not less than eight leaves should be left on each tree.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*h*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee,

or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or resale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for resales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

By Order,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

PROCEEDINGS

Dated 14*th June* 1898

No. 11675 A / Ex. 475 A

Approving, with certain modifications, of the draft of Toddy Rules, as adapted to the tree-tax system, together with forms A, B, C and D appended thereto, and issuing instructions for their publication in the *Gazette*.

MGCPB—6-7-98—350

READ—

Letter No. 6510—282, dated 25th February 1898, from the Excise Commissioner in Mysore.

I have the honor to submit herewith, for early approval and publication, a draft Notification embodying modifications and additions to the existing Toddy Rules, so as to make the rules adapted to the Tree-tax system, which is proposed to come to force in its entirety from 1st July 1898.

2. Under the Preliminary Tree-tax system, in the current year 1897-98, we have (1) "Aiyan" (Direct supply farms), (2) Aiyan "Kumki" (Direct supply farms, aiding other farms) and (3) "Angadi" (Independent shop farms). Under farms (1) and (2) both the right of vending toddy in the shops belonging to them and the right of drawing toddy in the groves assigned to them, have been leased on condition that the total farm rent which the lessees have agreed to pay shall be made up of—

(*a*) the tree-tax at the prescribed rates for the toddy-yielding trees tapped by them ; and

(*b*) shop rental, being the difference, if any, between the total farm rent and the tree-tax payable for the trees tapped by them.

Therefore from the total farm rent which they have agreed to pay, the amount of tree-tax due for the trees tapped by them is deducted, and if any balance is left, such balance is treated as shop rental, but if, at the close of the year, no balance remain, or the tree-tax exceed the total farm rent, the whole of the realizations will be treated as tree-tax. Under farms No. (3), which are independent shops with no groves assigned to them, the right of vending toddy alone has been leased, so that the *whole* of the purchase money thereof represents shop rental, and the tree-tax of the trees, which the lessees of these farms have to obtain under their own private arrangements, being quite *distinct* from such shop rental, the whole of it is separately credited under the head "Tree-tax."

3. From 1st July 1898, both the "Aiyan farms" and "Aiyan Kumki farms" will cease to exist, as the right of drawing toddy in the groves assigned to them will not be leased along with the right of vending toddy in the shops belonging to them ; but only the right of vending toddy either in individual shops or groups of shops, according to the circumstances of each locality, will be leased on condition that the lessees shall pay tree-tax at the prescribed rates, with local cess thereon, for the trees tapped by them either in the Government or Inam groves assigned to them, or elsewhere, so that, from and after the year 1898-99, only "Angadi" or independent shop farms will be in existence.

4. As no local cess is payable on the license fees of shops, (shop rental), that item has been omitted in the chellans, &c., relating to shop rental, as in the case of the rentals of arrack and drug shops.

5. Wherever toddy-yielding trees are not within easy reach of shops, they cannot be taken up and worked individually by small capitalists. In such localities, *viz*, Bangalore City, Civil and Military Station, Devanhalli taluk, Sidlaghatta taluk, &c., the shops have to be grouped and sold, as in the case of arrack shops, to enable large capitalists, who can afford to bear the heavy cost of carriage, &c., to bring toddy from long distances, to take them up.

6. A memo is attached explanatory of each of the principal modifications and alterations made in the Notification and Licenses.

7. I beg to request that 500 copies of the revised rules may be ordered to be supplied to my office for distribution, and 2,000 copies to the Government Book Depôt for sale.

Explanatory memo showing the object and reasons for each of the principal modifications and alterations in the draft Notification regarding Toddy Rules and Licenses.

1. *Draft Rules.*—As the "Aiyan Farms" and "Aiyan Kumki Farms" under the farming system hitherto in force, will cease to exist under the "Independent shop system" and "Tree-tax system" which are proposed to be introduced from 1st July 1898, the old Rule II is struck out, the requisite provision regarding the shops in alienated villages, being added to Rule I.

2. The words "unless revised by the Excise Commissioner or by Government" after the words "uch formal confirmation will," in para 1 of Rule IV are inserted for the reasons referred to in correspondence ended with my letter No. 1886—106, dated 30th August 1897.

3. The addition after the word " Discretion " in the first sentence of para 1 of Rule IV, is made to enable the Deputy Commissioners of districts to take necessary precautionary measures for guarding against the loss of revenue in the event of reasonable b ds not being received for any individual shops or groups of shops.

4. The last sentence in para 1 of Rule IV is struck out, it being inconsistent with the first sentence thereof. It has also been omitted for the same reason in para 1 of Rule XXI in the revised Arrack Rules sanctioned in Government Notification No. 371—Ex., dated 12th March 1897.

5. The proviso in the first sentence of para 2, Rule IV, is inserted to enable Government to dispense with initial deposits at discretion. Such provision has also been made in para 2 (*b*) of Arrack Rule XXI.

6. The initial deposit which had been fixed at Rs. 50 in para 2 of Rule IV, in the case of vend farms, is reduced to Rs. 10 in the case of individual shops and Rs. 25 in the case of groups of shops, the sum of Rs. 50 being too large as regards individual shops or groups of shops.

7. As no provision for the execution of security bonds by the sureties of the lessees, existed in the old rules, the requsite provision is made in para 4 of Rule IV, in view to legalize the present practice of taking security bond from them.

8. The old para 5 of Rule IV is omitted, as the particulars of the shops, groves, &c., are published in sale notifications for the information of the public.

9. The additional clause (1) of para 5 is intended to show to the lessees of shops and groups of shops how they have to obtain the supply of toddy to their shops.

10. The additional clause (5) of para 5 of Rule IV is inserted in the rules, as it now exists in License A, *vide* clause (8) of para 3 of the License.

11. The altered clause (6) of para 5 of Rule IV regarding minimum retail rates, is what has been already sanctioned in Government Proceedings No. 613-22—Ex. dated 2nd April 1897.

12. Clause (8) of para 5 of Rule IV is altered so as to legalize the present practice of issuing licenses to toddy depôts.

13. The addition to clause (9) of the above para is to make it consistent with the existing clause (8) of para 7 in the sale notification.

14. Old clause (13) of the above para is struck out in consequence of the revised rules issued under the arrangements lately entered into with the Madras Government.

15. The addition to para 5 of Rule V is necessary to make it obligatory on the lessees to point out the trees applied for by them, for being readily marked. Such rule exists in Madras.

16. The addition made to para 8 of Rule V is what has been already sanctioned by Government in Proceedings No. 613-22—Ex. dated 2nd April 1897. *Vide* para 7 of the form of agreement appended to the Proceedings,

17. Para 10 of Rule V is altered so as to make it conformable to para 2 of Tree-tapping License No. 5 (A). The tree rent will not, however, be levied from the shop-keepers in the Mysore State for 1898-99 as stated in the sale notification, it being necessary that they should not be burdened with such additional payment until they gain full experience of the details of the tree-tax system proper.

18. The tree-tax being duty on toddy, it has to be prepaid before the removal of toddy from the tapped trees. Accordingly in the Madras Presidency one-half of the tree-tax has to be prepaid at the time of application for the tree-tapping license. I have, however, fixed it at one-third to make the prepayment easier for the lessees, and have modified para 11 of Rule V accordingly.

19. Whether the trees are stunted in growth or not is a departmental matter for the Officers of the Department to readily ascertain and settle; and therefore clauses (3) and (5) of para 17 of Rule V are altered so as to enable Divisional Officers of the Department to dispose of such cases without loss of time.

20. Clauses 6 and 7 of para 17 of Rule V, which exist in the Madras Presidency, being important, have been adopted.

21. *License A.*—The alterations and additions made in License " A are in consequence of those made in the above rules. In condition 21 the words " Unfit for human consumption " are substituted for the words " Drawn more than two days previously," as it has been found from experience that toddy even four days old would, if properly preserved, be fit for human consumption.

22. *License C.*—It is undesirable to keep Toddy Depôts open after sunset, more particularly as toddy shops have to be closed by 9 P. M., under condition 14 of License A, hence the alteration of condition 6 in the Depôt License.

Excise, dated 14th June 1898.

No. 11675 A—Ex. 475 A, dated Bangalore, 14th June 1898.

Order thereon.—The Toddy Rules together with the appended forms A, B, C and D, as modified in this office are approved and forwarded to the Compiler, *Mysore Gazette*, for publication in the next three issues of the *Mysore Gazette*.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

No. 11676—*Ex.* 476, *dated 14th June* 1898.

Under Sections 5, 13, 20 and 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

Part I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or by an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows:—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may from time to time be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Law or Rules thereunder shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans, (in Form B appended) in equal monthly instalments commencing from 1st July of the year to which the license relates. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk

as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of resale.

(v) If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(viii) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in para 14 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bona fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

10. On receipt of an application, the Supervisor will at once take steps for the marking of the trees by an officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period, to which they relate, to take effect from the commencement of such period, provided that no toddy shall be drawn except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax per annum for each tree including local cess. Rs. a. p.
Date	1 1 0
Cocoanut	2 2 0
Palmyra	1 9 6
Bagani or Sago Palm	1 9 6
Dadasal (Arenga wightii)	0 8 6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government with local cess thereon shall be paid by the applicant for Government trees tapped by him, the amount being credited to the respective departments concerned. Provided that the Government may waive the levy of such tree-rent for such period as they think fit, on account of Government trees tapped by licensees of shops in the Mysore State. No trees upon Government occupied land can be tapped without the consent of the owner. The rate of tree-rent payable for such trees shall be settled by the applicant with the owners thereof. The present arrangement as regards trees in alienated land will hold good subject of course to the levy by Government of tree-tax.

16. The tree-tax shall be payable on printed chellan as per appended form D in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third ...	The remaining two-thirds.
Between 1st May and 30th June ..	The whole ...	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D, and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of

licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Supervisor concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the Way-bill.

18. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves shall be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

22. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to resell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

23. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D under clause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree rent, and local cess under separate headings by dates in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District Office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district shall then be forwarded to the Excise Commissioner's office where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all Officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by Officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superiors, within two months from the date of the passing of such orders or proceedings.

X. The Officers of the Excise Department, and licensees or their agents, shall conform to such rules of practice as may, from time to time, be issued by the Excise Chmmissioner, not inconsistent with the provisions of the Excise Act and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession of transport of toddy in such forms as may be prescribed by the Excise Commissioner: —All the members of Excise Department not below the rank of Abkari Inspector, Assistant Commissioners, Amildars, Sheristadars, Shekdars, and licensees or their agents.

XII. Date trees for tapping for the purpose of extracting Toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend, in groves on trees reserved, to the the removal of date leaves cut by licensees for the purpose of drawing toddy.

He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

5. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be drawn except during the currency of such license.

6. In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of such trees prepared, so that they may be easily marked by Excise officers. He or his agent shall point out to the marking officer, when required by the latter to do so, the trees applied for by him. Should he fail to do so after reasonable notice, the tree-tax paid by him shall be liable to be forfeited at the Deputy Commissioner's discretion.

7. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

8. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Description of trees.	Rates of tree-tax including local cess per tree per annum. Rs.	a.	p.
Date ...	... 1	1	0
Cocoanut ...	... 2	2	0
Palmyra ...	... 1	9	6
Bagani or Sago ...	... 1	9	6
Dadasal (Arenga wightii)	... 0	8	6

9. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third	The remaining two-thirds.
Between 1st May and 30th June ..	The whole	...

10. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing cancel the license, order the forfeiture of all deposit made by the defaulter and proceed to resell or otherwise dispose of the exclusive privilege at the defaulter's risk as soon after the last day of the month as may be possible.

11. The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by the licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from date of resale. Provided, however, that when the exclusive privilege is resold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the said privilege, and the balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties or from both under the Rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall on any account whatever be claimable by the licensee.

12. If the deposit is in Government of India Promissory Notes or Mysore Debentures which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him; otherwise they will be sold, and the sale-proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the resale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due, and the loss, if any, sustained by Government by resale; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the resale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of Land Revenue.

13. The resale referred to will, however, be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation, unless revised by Government, will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

14. If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period

of the lease, in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

15. If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

16. The licensee will be allowed to take out licenses to tap trees in the Madras Presidency, provided he pays the prescribed tree-tax for them into a Mysore Government Treasury in one instalment and subject to the Tree-tapping Rules in force in the Madras Presidency and in the Mysore State, and subject also to the payment of tree-rent to the Madras Government at such rate as may be fixed by that Government.

17. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not reserved for tapping.

18. The licensee shall keep true and correct accounts showing —

(1) the names and situation of date topes from which toddy is drawn
(2) the number of trees tapped;
(3) the quantity of toddy drawn daily;
(4) the quantity of toddy sold daily; and
(5) the names of the shops to which toddy is supplied.

19. These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner, and shall be open to inspection by the Amildar, or any Excise Officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

20. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited.

21. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

22. The licensee shall place the license granted to him in a conspicuous place in the shop.

23. A sign board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the rate at which toddy is sold by him.

24. The licensee shall prevent all drunkenness or disorder or gaming within his shops.

25. No shop shall be opened before sunrise.

26. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

27. The licensee shall not harbour robbers or thieves or riotous persons but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

28. The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

29. The licensee shall not sell to any person more than three measuring seers of toddy to be consumed in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts, with the exception of bakers who are permitted to purchase and remove the quantity of toddy specified in the pass held by them.

30. The licensee shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

31. The distillation of spirit from toddy is absolutely prohibited.

32. No ingredients noxious to health shall be put into the toddy either to increase its intoxicating power or for any other reason.

33. Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any. No diluted or adulterated toddy or toddy unfit for human consumption shall be offered for sale or kept in the shops, or depôts if any.

34. Toddy shall not be sold to the public at less than the retail rates fixed by Government as per particulars below :—

35. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government.

36. The licensee shall have such measures tested and stamped at his own expense.

37. No toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise Officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under twelve years of age, for consumption on the premises; nor shall any toddy be sold *on credit.*

38. The Deputy Commissioner may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

39. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor or spirit than toddy.

40. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his shop or group of shops.

41. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by the licensee on or after.....189 , shall be deposited with the Deputy Commissioner within one month from that date, or of the date of executing the engagement.

42. If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy, commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

43. The licensee shall not during the term of the license have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of vending toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner have any interest direct or indirect in any toddy shop or farm outside the territories of Mysore.

44. The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise Officers.

45. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

46. The licensee shall be responsible that his servants or agents are prevented from extracting toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the initial incision, nor that any leaves be cut and used by them, except such as may have to be removed for the purpose of drawing toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction; and any breach of these Rules shall render the licensee liable to the payment of a penalty of Rs. 50 for each offence.

47. The licensee shall employ only professional toddy-drawers for tapping the trees.

48. In case of any breach of the aforesaid conditions either by the licensee or with his connivance or privity by any person in his employment, or in the case of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place the shop or group of shops under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee, or his surety or his heirs and representatives. All such penalties and loss shall be recovered in the same manner as if they were arrears of Land Revenue.

49. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the law for the time being in force.

50. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force it shall be lawful for the Deputy Commissioner to declare his license forfeited.

51. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of Land Revenue.

52. Any sums deducted by the Deputy Commissioner, under the powers herein contained, from the deposit made by the licensee for the due performance of the lease, shall be replaced by him or his surety within fifteen days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

53. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.
